

PE and Sport Premium 2018 – 2019

At Newchurch St Nicholas we believe in a holistic approach to the development of sport and physical activity. We encourage collaboration and partnership, working to make the best use of resources and enhance PE and sport provision, in order to raise participation and achievement for all our pupils.

The sports premium funding has been spent on making additional and sustainable improvements to the provision of PE, Sport and health for the benefit of all pupils to encourage the development of healthy, active lifestyles.

How we have spent the PE Sports Premium fund in 2018/2019.

Newchurch St Nicholas received £17,190. The following table shows all the money that has been spent on PE, sport, physical activity and health during 2018/2019.

Item	Cost
Rosendale School Sports Partnership	£ 5,890
The bottle factory	£ 189
Play Leader training	£ 100
Tennis coaching	£ 150
Change 4 Life club	£ 75
Installation of an All Weather pitch	£ 9,435
Provision of markings on All Weather pitch	£ 2,589
Total spending	£18,428
Sports Funding supplemented by school budget	

Measuring Impact.

We have evaluated and monitored the quality and breadth of PE and sporting provision – including attempting to increase participation in PE and sports – so that all pupils develop and maintain healthy lifestyles and reach the performance levels they are capable of.

When measuring the impact of PE and sport activities provided we looked at progress in PE as well as other areas of development such as self-esteem, confidence and the number of pupils involved in sporting activities both in and out of school. Assessments were made through monitoring and feedback from staff, pupils and visitors to school. We also evaluated the impact of CPD opportunities in improving teaching and learning.

We also used the School Games Mark which is a government led awards scheme that rewards schools for their commitment to the development of competition across the school and into the wider community. By participating in this process, it allows us to evaluate our PE provision and assists us in developing an action plan for future progress. Our effective and creative use of Sports Funding has been recognised by the Sainsbury's School Games Mark and this year we have achieved GOLD.

To achieve gold we had to meet and provide evidence for certain criteria including:

- Having a system in place to track which of our children participate in school games.
- Provide opportunities that attract less active children to participate in physical activity.
- Complete the School Games Inclusive Health Check.
- A positive approach to delivering physical activity.
- Provide all pupils with 2 hours timetabled PE per week.
- Opportunities for extra-curricular sports activities.

Competition

- A school sports day as a culmination of a year round programme PE and sport and physical activity.
- A calendar of events that demonstrates opportunities for pupils with SEND to take part in sporting activities.
- A notice board that promotes PE, physical activity and being healthy.
- Provision for boys, girls and inactive children to take part in an appropriate level of competition.

Workforce

- Pupils are provided with the opportunity to take on leadership roles during curriculum PE (learning to lead)
- Pupils are engaged in leading, managing and officiating in games and activities (play leaders, young ambassadors, sports crew)
- Formation of a sports crew to influence provision and be a pupil voice.
- Utilise sports coaches to support school sport.
- Opportunities for wider school staff and parents to support school sport.

Clubs

- We have active links with a number of clubs including: Rossendale Rugby, Graham Young's table tennis, Go Velo, MS angling, Little Dragons martial arts...
- We offer weekly clubs to : multi-skills KS1 children, sports KS2 children, Dance year 2 up, Change 4 Life breakfast club KS2 pupil premium and siblings.

Impact of Sports Premium funding

- Children are happy and active. They are healthy and having fun.
- Children understand that we eat for energy then we use energy by being active.
- Feedback from children, staff, parents, school games organiser, coaches and visitors has been positive.
- Exciting energised sport and physical activity leads to increased productivity in classroom time.
- All children continue to be active and benefit from physical activity regardless of ability.
- PE and sport continues to be accessible to all.
- Children receive 2 hours high quality PE following the new National Curriculum
www.gov.uk/primarynationalcurriculum/physicaleducation
- All children have the opportunity to take part in further physical activity.
- Children's leadership skills are developed through C4L, young ambassador and play-leader training, development of a sports crew and allowing them to set up and pack away equipment for active play and PE lessons.
- We have invested in the professional development of staff so they are best equipped to teach high quality PE and sport for years to come.
- Through motivating and creative activities – eg PA system that encourages dance at lunchtime – we continue to inspire and educate children and staff. Raising standards whilst encouraging a more active and healthy lifestyle.
- We continue to compete in as many competitions and tournaments as possible. This year we finished in 20th position in the league table.
- Inclusion events are attended by those children who have specific disabilities, have low self-esteem, get overlooked in sport, are not interested in sport or are seen as physically illiterate etc.

Swimming and water safety – National Curriculum requirements.

All schools must provide swimming instruction to either KS1 or KS2 children. In particular pupils should be taught to:

- Swim competently, confidently and proficiently over a distance of at least 25 metres.
- Use a range of strokes effectively.
- Perform safe self-rescue in different water-based situations.

At Newchurch St Nicholas children in year 3 attend weekly swimming lessons throughout the year. We chose this year group as we found if we waited until the children were older it was often too late to overcome some of their fears.

38% achieved requirements.

Proposed Spending for 2019/20

Newchurch St Nicholas has been allocated £17,190. The following table shows how we intend to spend the money on PE, sport, physical activity and health during 2019/2020.
