

Nourish, Succeed, Nurture

50 things to do before
I leave primary school.

At Newchurch St. Nicholas we believe that there is more to coming to school than just sitting in a classroom.

School years should be filled with fun, memorable events and it is with this in mind that we have created a 'Passport' that we will aim to complete with your child during their time with us.

The main passport will be kept in school and updated regularly. If you complete one of the activities with your child, please let us know.

☺ Listen to live music ☐
